

AgriSeta accredited Predation Management

**Application to register as an accredited
Damage Causing Animal (DCA) Manager, for the call and shoot
management strategies to manage and control problem animals.
(Unit Standard number 116402)**

This application will assist dedicated DCA managers who have been offering their services for a period of at least seven years. Recognition of prior learning (RPL) will provide experienced and appropriately skilled professional Predation Managers with a certificate of competence and the opportunity to apply for a permit from the applicable issuing authority.

- A registration fee of R1500.00 is payable if accepted for RPL.
- Banking details will be provided if the applicant qualifies to undergo RPL.
- RPL involves a two-day evaluation of equipment and competency as a DCA manager.

Requirements:

- DCA manager to be nominated in writing by a Farmers' Association and signed by the chairman.
- DCA manager to supply evidence/proof of at least three different call and shoot courses attended.
- DCA manager to supply names and contact details of at least seven farmers and farm names where he has provided DCA management services for seven years and longer.

Should an applicant successfully complete RPL, he/she will be required to adhere to the following:

- Preserve and protect biodiversity.
- Treat all animals with the necessary dignity and humanity.
- Deliver a responsible and trustworthy service to the livestock & wildlife industries.
- Vehicles and firearms used must comply to legislation and licenses/provisional licenses to be available onrequest and be kept up to date.
- Completion of an annual hunting register before applying for renewal of a permit (Eastern Cape).

(A): Applicant.

Name and surname: _____

ID Number: _____

Address: _____

Contact details: _____

Email address: _____

(B): Nomination.

The above-mentioned person is well known in our district and respected as a responsible DCA (Damage Causing Animal) manager, assisting the community with valuable strategies to protect biodiversity by removing unwanted predators that continuously cause harm to livestock.

The DCA manager's expertise in the call and shoot has been proven and he/she is highly recommended to undergo RPL by an accredited service provider.

Nominated by me, Chairperson of the Farmers' Association:

Name of Farmers Association: _____

Name and surname: _____

Cell: _____

E mail: _____

Town: _____

Province: _____

to act as a dedicated and responsible DCA manager for assisting with control of problem animals in our region.

Signature: _____

Date: _____
